SUBJECT: SOUTH END PROJECT MASS. R-56  
ACCOUNTS RECEIVABLE TO BE CHARGED OFF.

---

There is attached a schedule of eighty (80) vacated accounts receivable in the total amount of ~~\$31,728.86~~ to be charged off as uncollectible.

30,620.27

Group "A" consists of three (3) residential accounts that had filed for moving claims and the Authority did receive some monies. The balances which are due the Authority were turned over to Legal for transmittal to the collection agency and the agency advised that they were uncollectible for various reasons - parties moved, welfare cases, worthless, etc.

Group "B" consists of one (1) account. According to the Business Relocation Officer, this account should be written off for the following reasons -- have not filed a relocation payment; moved out July 1, 1973 without giving notice. The Relocation Officer further advises that every attempt to get the owner to file for relocation claim has been to no avail.

Group "C" consists of seventy-nine accounts, both residential and commercial. Every possible effort was made by the staff to collect, following which the accounts were turned over to the collection agency. The latter advised the B. R. A. that these accounts, some of which date back to 1969, are uncollectible for the following reasons: evicted, no liability, on welfare, financially worthless, unlocated. No relocation payments were filed or paid.

It is therefore requested that the Authority charge off these accounts and make the following findings required by H. U. D. procedures:

1. that there is no reasonable prospect of collection;
2. that probable costs of further efforts to collect would not be warranted.
